There are stories celebrating the New Year, beginnings and second chances, myths about the arrival of spring, foolhardy stories for April, tales of independence for July, spooky tales for October nights, soothing tales for difficult days, tales of gratitude and thanksgiving, and miracles for the year end. Although each story is designed to be read aloud, the charming drawings and sidebars on storytelling that accompany them are likely to inspire both readers and listeners to add their own imaginative embellishments along the way. Designed for children from ages 2 to 10 years old, these entertaining stories are short enough (one-half to one-and-a-half pages long) to make it easy for readers to agree to the "just one more story" their listeners are sure to request.

Short Bedtime Stories for Kids Ivy Marie Jackson 2020-05-04 Bedtime stories are stories told after your child gets into bed for the night. They will often ask you to sit with them. This is an easy chance to offer them a story to tell. Kids love this because it is a surprise for them and, at that moment, makes them feel truly important. Do your kids have a hard time falling asleep? Consider how this book can help you! Bedtime stories create a beneficial aspect of the daily bedtime routine! The stories can also increase their vocabulary, improve their concentration skills, and stimulate and encourage creativity and imagination. This book contains unique stories written specifically to help your child calm down before bed. You can either read from a book a classic story, find a quick one online, or tell it from memory. Often a great story about bedtime is improvised to suit your child's mood at that particular moment. Typically these stories are the ones that have been told in many different ways for many years. Popular stories include princess and prince stories, great monsters and knights, adventure kids, and thrilling stories with no end to them. This latter type of story is interesting, as it allows you to draw the same story over many nights in order to

keep your child interested and always want more. It is helpful to tell bedtime stories. Your child will find that sleep with a great story in their ears comes quietly.
