In Search of Sacred Time Jacques Le Goff 2020-05-12 How The Golden Legend shaped the medieval imagination It is impossible to understand the Middle Ages without grasping the importance of The Golden Legend, the most popular medieval collection of saints' lives. Assembled in the thirteenth century by Genoese archbishop Jacobus de Voragine, the book became the medieval equivalent of a bestseller. In Search of Sacred Time is the first comprehensive history and interpretation of this crucial book. Jacques Le

Goff, who was one of the world's most renowned medievalists, provides a lucid and compelling account that shows how The Golden Legend Christianized time itself, reconciling human and divine temporality.

Authoritative, eloquent, and original, In Search of Sacred Time is a major reinterpretation of a book that is central to comprehending the medieval imagination.

First Voyage of the Apostle Thomas to India James Kurikilamkatt 2005 If St Thomas reached Kodungallur in Kerala only in 52 AD, as the Malabar tradition about the Apostle's mission holds it, where was he preaching the message of the gospel in the years preceding it. Can the tradition about the North Indian mission of St Thomas have any historical value. This book tries to give a comprehensive answer to these questions. It also brings to our notice that the Christians of Pakistan and India can have the same apostolic patrimony of St Thomas. As a new and bold attempt in the multitude of studies about the Indian mission of the Apostle Thomas, the present book can inspire and guide students of history for further studies and research. The author was born in Kerala and is priest belonging to the Missionary Society of St Thomas the Apostle. He holds a licentiate in Sacred Theology from the Catholic Institute of Paris. He obtained a doctorate in Church history from the Pontifical Gregorian University, Rome.
